- To develop intellectual discipline, a keenness for knowledge and sharpness for critical thinking.
- To integrate in a meaningful way what students learn at school with the home, the church, and the greater school community.
- To foster Christian community and active participation among parents, staff, students, and the members of the Society.

Transition Rate - This tracks students that enter post secondary in Alberta. Some years they do not report it for TCS as they do not have enough data. Sadly, this does not track all students and does not account for some Bible Schools and any post secondary outside of Alberta. Therefore, it is not one we focus on.
