

Dear Sponsors Trinity Christian School.

Receive a warm greeting hoping you are fine. I want to tell you how I have fun: During my free-time I like to play soccer with my friends. Also I have fun reading History Books. In my country it is rainy season and when it's raining have fun because I like to get wet and play soccer under the rain with my friends. I also tell you that at the Child Development Center I have fun with their activities, because we go to trips and play games and I have fun with my friends and the teachers. What entertains me is to be sharing with my friends and when is a birthday celebration because we celebrate my friend's birthdays too. I also have fun being with my friends celebrating the New Year's Eve party. Thank you for the present of Q.720.00 Quetzals that you sent me. I bought 2 pairs of shoes, 2 pairs of pants, 2 T-shirts and my jacket. I also want to thank you for the letters and the greetings that you sent me. How do you have fun? Whom do you have fun with? Which are your favorite activities? I ask you to pray for my family and for the sick people at the hospitals and for my country. I say goodbye wishing you many blessings.

Yours truly,

Yoan.
