

TEACHING FOR TRANSFORMATION

This year our school theme is '**Mission Possible: Be God's Agent of Change**'.

We want to encourage our students to continue being world changers by **embracing** the Biblical throughlines and **practicing** acts of service.

Why do we need to be Servant-Workers?

We should learn to serve others by working actively to heal brokenness and bring joy and shalom. "As individuals, we are called to make a difference in the world, not just in private personal behavior. We are also called to the restoration task as communities of believers. As redeemed image bearers we should be making a difference in the culture" (Donovan Graham).

Learning about God and His creation in itself is an act of restoration – as is showing hope, love, joy, peace, healing, overcoming, etc. Students need to see that they are called to look for ways in their learning to affect change, improve situations for people, build community, and meet needs.

Looking Back - November

We learned how to be **Justice-Seekers**.

As a family you can continue to:

- *Write* letters to our MPs, MLAs, and city council to encourage them to seek justice
- *Volunteer* at organizations such as The Mustard Seed, Drop-In Centre, or Inn from the Cold.
- *Collect* change or allowances to give to a family who could use some extra blessing.

Looking Forward - December

Please help us continue to be **Servant-Workers**!

Homeroom teachers sent out the Christmas hamper list at the end of November. Please help us fill our classroom hampers!.
