

TEACHING FOR TRANSFORMATION

This year our school theme is '**Mission Possible: Be God's Agent of Change**'.

We want to encourage our students to continue being world changers by **embracing** the Biblical throughlines and **practicing** acts of service.

Why do we need to be Earth- Keepers?

Everyone, in his imagination, can go to the most beautiful places on earth. Perhaps it is a mountaintop with a forever view, or a long, white sand beach. Maybe it is the spray and the thunderous roar of a waterfall or the quiet, gentle sway of a seemingly endless golden field of wheat. These places can help us to have a Garden of Eden experience. The Garden must have been an incredible place, not only because of the tangible presence of God, but because of its beauty. The writer of Genesis says "And God saw everything that he had made, and it was very good" (1:31). It seems almost unbelievable that God calls us to be stewards, caretakers or gardeners of all of creation. (Gen 1:28) God created the world and He gives us the opportunity to 'manage' it on His behalf? Yet by doing just that we respect the One who made it all!

Looking Back - March

Your family can continue to be **Order-Discoverers**:

- Visit the Science Centre or the zoo.
- Watch a Planet Earth video or [THIS](#) video from the Passion Conference

Looking Forward - April

Please help us continue to be **Earth-Keepers**!

As a family you can:

- pick up garbage and recycling that has been left behind as snowbanks melt.
- pet-sit for a neighbour or relative while they are away on holidays
- No-Trash Tuesdays: pack a lunch once a week that has no waste!
