Reasons to book an appointment for your child aged 3 to 5:

- 1 It's fun. You and your child will move play in five centres doing fun activities to demonstrate key skills.
- 2 It's informative. When you leave, you'll know how your child's communication, gross motor, fine motor, problem solving and personal-social skills are developing
- 3 It's important. This check-up can help ensure your child gets any special help he/she needs.
- 4 It can save tears later. By visiting your local school for an hour of fun now, you'll be reducing your child's anxiety about going to school later.
- 5 It's free and it's available in your community. You can access expertise, including a speech and language pathologist, to assess your child's strengths, and learn how to best support your child in areas of growth.

A Developmental Check-Up will be available at
