

Michael Rust

Treasurer

My name is Michael Rust and I am humbled to serve on the ACSCS Board as Treasurer since July 2016. I have been married to my wife Michelle for 20 years and we have three children Ayden (16), Kyle (12) and Lynnea (10). Our family has been a part of Trinity Christian School since 2005 when Ayden started kindergarten.

I was raised in a loving home and came to know about Christ after I met my wife Michelle. Through her constant encouragement, patience and love, I accepted Christ into my life. I was baptized and did my public profession of faith on the same day that Ayden was baptized.

Since moving to Calgary, Michelle and I attended River Park Christian Reformed Church for 22 years where I have served in various capacities ranging from Management Team to Boy's Club leader. We recently moved to a church closer to Midnapore and have found new ways for my faith to grow and be challenged.

Professionally, I own an engineering company specializing in Electrical, Instrumentation and Automation. Within TCS, I have previously served on the Long Range Planning committee when the school first decided to expand in its current space several years ago.

As a family, we enjoy participating and supporting each other in various sports and activities and volunteer commitments. Our family strongly believes in the mission of TCS as a school that teaches a worldview from a Christian perspective and encourages and develops the unique gifts of each child for a life of learning and serving.
