Dear Sponsors, I send greetings with lots of love and affection. I wish you blessings. I thank you so much for your letters. Regarding your questions, I do like ice hockey but it is not played here, I only see it on TV. My favorite sport is soccer. The weather in Guatemala is rainy in these months as we are in winter; I like animals very much but my favorite one is the cat. My favorite food is grilled meat. Summer in Guatemala is very hot, the sun shines so strong and we sweat a lot, I like bathing lots of times with cold water; I am attending school; my mom wanted me to attend school in the morning but the capacity of school was full so I am attending school in the afternoon. I am learning to read and to write better at school. I like playing with my friends to have fun. They are Enrique, Kevin, and Angel. My best friend is Angel. I like him because he is intelligent, kind, and funny; and we like doing the same things. I met him at school. We play marbles, hide and seek, and tag that is a game with 6 members or more and one has to catch the others; the first one who is caught is the loser and has to catch the others. We make kites and ride bike. I ride bike with my brothers at the backyard of my house in the morning. I am thrilled for my grades. I hope to get good grades. I like racing with the bikes with my brothers. How does your friend look like? How many friends do you have? My friends come to play to my house because my parents do not let me go out to play in the street; they say it is dangerous; they take care of me and my brothers. I ask you to pray for me and my family. I will pray for you. I say goodbye with lots of hugs and kisses for your family. Eder Xic. Transcription by Dorian, volunteer
