(Translation)

Dear sponsors, Trinity Christian School:

I send you a warm greeting, and I hope you are enjoying our Creator's rich and abundant blessings.

Now, I want to thank you for all your economic and spiritual support you have sent me. also, I thank you for all the benefits I have received, such as: snacks, camps, trips, medical check ups and carpentry workshop, where I learned to make cabinets, tables, chairs and others. I thank God and you for everything.

I'm very sad, because this is the last letter I will write you. I will always pray for you and ask God to bless you in everything you do. I will keep you in a special part of my heart. I want you to know that my goals for the future is to keep going to school, then I will work, so I can be able to help my parents economically. I ask you to pray for me always and ask God to help me to reach my goals.

I send you lots of love and I wish you that the peace and love rein in your home always.
Sincerely,

Yoan Colo
