Wellness Connection from Mrs. Blake

Looking forward to the 2022-23 school year, we have some exciting dreams to promote student wellness in our school. Our intention is to create a joyful environment where our school community can come together and support our students. We understand that student wellness needs to be a holistic approach that involves both school and family. With that said, ***we need your support!*** *We would love to have parents serve our students by offering their gifts and wisdom to our students.*
